

# AE CLOUD CONSULTANTS

## PayPal–NetSuite invoice integration

### Key Features:

- Auto Export NetSuite invoices into PayPal by one click of a button or on a scheduled basis
- Void/delete imported PayPal invoices from NetSuite
- Auto sync the invoice payment status in PayPal to NetSuite

## Advantages of our solution

NetSuite-PayPal invoice integration is a powerful solution that integrates NetSuite to PayPal. You will be able to sync invoices and automatically send invoices to customers.

### Customized solutions that make your job easy.

#### Q: What does this mean to retailers?

A: You will be able to integrate the PayPal platform with the NetSuite ERP system automatically.

#### Q: What can I expect from the solution?

A: Complete integration between NetSuite and PayPal creating a custom and easy to read invoice document that includes Client ID, PayPal invoice number, PayPal invoice ID, due dates, posting periods, approval status, retailer and client 's complete information, detailed descriptions of items that include quantities, price, inventory, and more...

*“With new features like sending customer credit card information from NetSuite, to creating payments and refunding invoices through PayPal, we are always looking for ways to improve our solutions.”*
